COVID-19 Measure: Applicant's Declaration for a Subsidised Stay Abroad

I hereby confirm that I have read and understood the following points concerning my application for a subsidised stay abroad within the Erasmus programme:

- 1) The stay abroad is expressly at the applicant's own risk as long as travel and safety warnings are in force. If the applicant starts their mobility and moves to the host country (location of the host institution), this is at his/her own risk.
- 2) The Paris-Lodron University of Salzburg (PLUS) strongly advises against staying in countries for which travel warnings have been issued. Should you travel to a risk area, PLUS accepts no liability for any potential losses incurred. The applicant can cancel a planned stay at any time - subject to the applicable payment regulations.
- 3) I am fully informed about the [payment criteria of the PLUS scholarship](#) under COVID-19 conditions.
- 4) The applicant must be informed about special entry and exit regulations in place at both their host and home country, and will follow the advice of the Ministry of Foreign Affairs: www.bmeia.gv.at/reise-aufenthalt/reisewarnungen
- 5) The applicants must have appropriate insurance cover abroad and should keep themselves informed about health care in case of illness or limited capacities in the medical system of the host country.

Applicant's name and matriculation number

Date and applicant signature
