

Frank Wilhelm

Acquired Grants

1992-1993

Research Scholarship Award, German Academic Exchange Service (funding amount approx. DM 24000)

1997-2000

Co-principal investigator, research grant (R01) by the National Institute of Mental Health, USA, with Prof. W.T. Roth, "Physiological Markers for Anxiety Disorders" (funding amount approx. \$72000)

2000-2003

Co-principal investigator, research grant (R01) by the National Institute of Mental Health, USA, with Prof. W.T. Roth, "Respiratory and Autonomic Pathophysiology of Panic Disorder" (funding amount approx. \$88000)

2002-2003

Co-principal investigator, research grant by Merck & Co., Inc., USA, with Prof. W.T. Roth, "Effects of Fear-Inducing and Sad Film Segments on Eye-Blink Startle, Respiratory, and Autonomic Measures: Determining Emotion Specificity and Test-Retest Reliability of Measures" (funding amount approx. \$10000)

2004-2007

Co-principal investigator, research grant by the Swiss National Science Foundation, Switzerland, with Dr. T. Michael and Prof. J. Margraf, "Aversive and Evaluative Conditionability of Experiential, Behavioral and Physiological Anxiety Responses in Panic Disorder and Posttraumatic Stress Disorder" (funding amount approx. SFr. 32000)

2004-2008

Principal investigator, research grant by the Swiss National Science Foundation, Switzerland, with Prof. J. Jürgen Margraf, "Ambulatory Monitoring of Autonomic and Respiratory Dysregulation in Panic Disorder and Generalized Anxiety Disorder" (funding amount approx. SFr. 35000)

2005-2010

Co-principal investigator, research grant by the Swiss National Science Foundation, with Prof. F. Müller-Spahn and Prof. E. Seifritz, "A Transgenerational Perspective on Risk and Protective Factors Related to Neuroticism Focusing on Maternal Sensitivity and Amygdala Functioning" (funding amount approx. SFr. 55000)

2005-2010

Principal investigator, research grant by the Swiss National Science Foundation, with Dr. P. Grossman and Prof. H. Schächinger, "Autonomic Nervous System Activity Assessed by Spectral Analysis of Fetal and Infant Heart Rate Variability and Its Relationship to Psychosocial Development" (funding amount approx. SFr. 42000)

2005-2010

Co-principal investigator, research grant by the Swiss National Science Foundation,

with Prof. H. Schächinger and Prof. T. Blumenthal, Postnatal programming of human mesolimbic dopaminergic function, (funding amount approx. SFr. 440'000)

2006-2011

Principal investigator, Work package 1.4 (Circadian Variables in Real-Life Conditions) of the Integrated Project Entrainment of the circadian clock EUCLOCK (Sixth Framework Programme) by the European Commission, Brussels, Belgium (funding amount approx. " 480'000)

2009-2013

%Acute stress, emotion regulation and sleep in young adults with a history of chronic stress exposure+(SNF, approx. SFr. 360'000)

2010-2014 & 2015-2018

2 PhD students within graduate school %Imaging the Mind+(FWF, approx. " 260'000)

2013-2016

%Regulation of emotional responding to social cues in social anxiety disorder+(ÖNB, approx. " 110'000)

2014-2017

%Emotional, restrained and bulimic eating in lab and daily life%(FWF, approx. " 180'000)

Collaboration on Grants

1994-1999

Consultant, research grant (R01) by the National Institute of Dental and Craniofacial Research, USA, with Prof. P.M. Milgrom, "Combined exposure-drug therapy for phobic disorders"

1996-2001

Co-investigator, research grant (R01) by the National Heart, Lung and Blood Institute, USA, with Prof. I. Kawachi, "Anxiety and Cardiovascular Autonomic Control"

1999-2002

Co-investigator, research grant (R01) by the National Institute of Mental Health, USA, with Prof. Gotlib, "Information Processing Biases in Depression"

2001-2006

Co-investigator, Program project grant by the National Institute of Aging, USA, with Prof. D. Spiegel and Prof. C.B. Taylor, "Stress, the HPA, and Health in Aging" (Individual projects: Depression and Stress in Metastatic Breast Cancer; Physiological and Biological Cardiovascular Disease Risk Factors in Older Depressed Patients)

2001-2002

Consultant, research grant by the John D. and Catherine T. MacArthur Research Network on Socioeconomic Status and Health, USA, with Prof. E. Epel, Allostatic

Load, Health Risks, and Resilience among Maternal Caregivers of Ill Children

2002-2004

Co-investigator, research grant (R01) by the National Institute of Mental Health, USA, with Prof. J.J. Gross, "Emotion Regulation and Its Consequences"

2003-2007

Co-investigator, research grant by the Swiss National Science Foundation, with Prof. S. Schneider, "Etiology and Treatment of Separation Anxiety Disorder in Childhood"

2004-2007

Consultant, research grant (R01) by the National Institute of Mental Health, USA, with Prof. W.T. Roth, "Respiratory Therapeutic Procedures in Panic Disorder"

2005-2010

Co-investigator, research grant by the Swiss National Science Foundation, with Prof. S. Schneider, "Prospective and Retrospective Parental Memory: The Accuracy of Autobiographical Memories of Birth and Infancy Behavior Problems"

2006-2008

Consultant, research grant by the National Institute of Mental Health, USA, with Prof. I. Mauss, "Reactivity and Social Support for Children Living in Poverty"
